

Program of After School Study

September 18, 2015

Dear Parent/Guardian,

We are writing to let you know that the Program of After School Study (PASS), formerly known as the Homework Club, will be starting on Tuesday, September 29th. It will run from 2:00- 5:00 each Tuesday and Thursday, and students may ride the shuttle bus home *as long as they sign up by the main office each morning*. Shuttle picks up at MBMS between 5:00-5:15. You can also pick up your child at an earlier time, if convenient. A healthy snack* will be provided to all participants.

The program is very flexible in that your child can attend as often or as infrequently as you decide he or she needs to. Sometimes your child may be asked by a teacher to make up work for an absence, or to receive extra practice on a specific assignment, assessment or standard. Many times students stay to complete homework at school or receive a little one-on-one help from the Program of After School Study staff.

In order for your child to be able to attend the program, even if for only one day, we need to know that you have been notified and give your permission. Please email or sign below to indicate that you have received this letter and would like your child to have this opportunity to stay as needed. Feel free to contact us with any questions regarding this program.

Thank you in advance for your support!
